

Sabbath School, December 9, 2017, 9:00 A.M.

Welcome and thank you to our guest(s) for choosing to worship with us here at the Hayward Seventh-day Adventist Church. We are delighted that you have chosen to honor our Lord and Saviour Jesus Christ with us today on His holy Sabbath. May this Sabbath service be a blessing to you and to our Lord, and may your heart be filled with joy and gladness. *The three angels of Revelation 14 represent the people who accept the light of God's messages and go forth as His agents to sound the warning throughout the length and breadth of the earth. Christ declares to His followers: "Ye are the light of the world."* (Matthew 5:14, Counsels for the Church, 58.5)

“God’s Treasure Chest”

We stand on the threshold of great and solemn events. Prophecy is fast fulfilling. A new life is descending from on high and taking possession of God’s people. Some souls will have to advance fast or they will have to be left far behind in darkness. The judgment is hastening. The Word of God is rebuking, warning, and entreating men to reach the Bible standard, but Satan has brought about such a condition of things in our churches that it will be most difficult to bring them to their senses and arouse them to see their God-given responsibilities. If they will with real contrition of heart confess their sins, they may, through watchfulness and prayer, come off conquerors. (October 8, 1885) par. 23 (Manuscript 3, 1885)

Carlton H. Oler, Ph.D., HSP, MAC, BCPCC

Carlton Oler is returning again to the Hayward Adventist Church by popular demand. He is a psychology professor at Gavilan College. Dr. Oler was raised in San Francisco, California, and has been fortunate to amass clinical and teaching experience (e.g., staff clinical psychologist, clinical supervisor, consultant, associate professor of psychology and counseling) in a variety of mental health and academic settings around the United States.

For recreation, he runs! (especially 5K races), plays Scrabble, tries to keep up with the latest holistic health advances, and travels. He is a strong believer in the adage, "An ounce of prevention is worth a pound of cure," and therefore strives in his own life to practice a lifestyle (i.e., NEWSSTARTT) that not only prevents disease but maximizes overall (holistic) health. If you're interested in a career in psychology or want information on how to achieve optimal overall health, feel free to contact him at
